CORALS INFOSHEET

CORALS INFOSHEET

casala®

UK

Modularity gets a new dimension with Corals by Robert Bronwasser. Corals is a modular and dynamic seating system that cleverly responds counters to the constantly changing needs in the business market. Seating, wall and table elements are easily mounted and disassembled on an aluminum extrusion profile. This profile offers the possibility to easily adjust and expand a configuration. An additional advantage is that the Corals set-up can continue to be used here, That's efficiently! The profile also serves as a cable canel. Cabling for net boxes in armrests and lighting in table tops is therefore hidden from view.

NL

Modulariteit krijgt een nieuwe dimensie met Corals van Robert Bronwasser. Corals is een modulair en dynamisch zitstelsel dat slim inspelt op de continu veranderende behoeften in de zakelijke markt. Zit-, wand- en tafelelementen worden eenvoudig gemonteerd en gedemonteerd op een aluminium extrusieprofiel. Dit profiel biedt de mogelijkheid om een configuratie eenvoudig aan te passen en uit te breiden. Bijkomend voordeel is dat de Corals opstelling hierbij in gebruik kan blijven, wel zo efficiënt! Eveneens doet het profiel dienst als kabelgoot. Bekabeling voor netboxen in armleuningen en verlichting in tafelbladen wordt hierdoor uit het zicht onttrokken.

DE

Modularität erhält mit Corals von Robert Bronwasser eine neue Dimension. Corals ist ein modulares und dynamisches Sitzsystem, das geschickt auf die sich ständig ändernden Anforderungen des Geschäftsmarktes reagiert. Sitz-, Wand- und Tischelemente lassen sich leicht an einem Aluminium-Extrusionsprofil montieren und demontieren. Dieses Profil bietet die Möglichkeit, eine Konfiguration einfach anzupassen und zu erweitern. Ein zusätzlicher Vorteil ist, dass das Corals set-up hier weiterhin effizient genutzt werden kann! Das Profil dient auch als Kabelkanal. Die Verkabelung von Netzboxen in Armlehnen und die Beleuchtung in Tischplatten ist daher nicht sichtbar.

FR

La modularité prend une nouvelle dimension avec Corals de Robert Bronwasser. Corals est un système d'assises modulaires et dynamiques qui répond habilement aux besoins constants de changement du marché. Montés sur un profilé en aluminium extrudé, les éléments d'assise, cloisons et tables s'assemblent et se démontent aisément. Ce profilé vous permet par ailleurs de modifier ou d'étendre la configuration à tout moment. Un avantage supplémentaire : ces modifications peuvent être effectuées sur site, ce qui permet de continuer à utiliser votre ensemble Corals, Quelle efficacité! Le profilé sert également de passe-câbles. Le câblage des boîtiers électriques montés dans les accoudoirs et des éclairages installés sur les plateaux demeure ainsi hors de vue.

Modularity gets a new dimension with Corals. Seating, wall and table elements are easily mounted and disassembled.

UK

SEATING ELEMENTS

The Corals seating elements feature high-quality HR Eco foam and Nosag springs. This promotes comfort, quality and durability.

UPHOLSTERY

Corals lends itself very well for a playful use of colour combinations. A broad fabric collection is available.

TABLE TOPS

The table tops are made of plywood with an oak veneer top layer, varnished clear.

BASE

Corals is available with steel and oak legs with a steel core. The steel legs are powder coated in the Palau basic colours. The maximum span between 2 sets of legs is 200 cm.

NL

ZITELEMENTEN

In de Corals zitelementen wordt gebruikt gemaakt van hoogwaardig HR Eco schuim en Nosag veren. Dit bevordert het comfort, de kwaliteit en de levensduur.

STOFFERING

Corals leent zich zeer goed voor een speelse toepassing van kleurencombinaties. Er is een brede stoffencollectie beschikbaar.

TAFELBLADEN

De tafelbladen zijn vervaardigd uit multiplex met een eiken fineer top-laag, blank gelakt.

ONDERSTEL

Corals is leverbaar met stalen en eikenhouten poten met stalen kern. De stalen poten worden gepoedercoat in de Palau basiskleuren. De maximale overspanning tussen 2 sets poten is 200cm.

DE

SITZELEMENTE

Corals Sitzelemente verwenden einen hochwertigen HR-Eco-Schaum und eine Nosag-Federung. Dies fördert Komfort, Qualität und Langlebigkeit.

POLSTER

Corals Sitzelemente eignen sich sehr gut für eine spielerische Anwendung von Farbkombinationen. Eine breite Stoffkollektion ist verfügbar.

TISCHPLATTEN

Die Tischplatten bestehen aus Sperrholz mit einer Deckschicht aus Eichenfurnier, lackiert.

BASIS

Corals erhältlich mit Stahl- und Eichenbeinen mit Stahlkern. Die Stahlbeine sind in den Palau-Basisfarben pulverbeschichtet. Die maximale Spannweite zwischen 2 Beinsätzen beträgt 200 cm. Die maximale Spannweite zwischen 2 Beinsätzen beträgt 200 cm.

FR

ÉLÉMENTS D'ASSISE

Les éléments d'assise Corals sont rembourrés avec de la mousse HR Ecologique haute qualité et des ressorts Nosag. Ceci garantit confort, qualité et durabilité.

TAPISSAGE

Corals se prête parfaitement à une combinaison ludique de couleurs. Une large collection de tissus est disponible.

PLATEAUX

Les plateaux sont fabriqués en multiplis avec un revêtement placage chêne, vernis naturel.

PIÈTEMENT

Corals est disponible avec des pieds acier ou des pieds chêne avec âme en acier. Les pieds en acier sont laqués dans les coloris d'époxy Palau basiques. La distance maximum entre deux pieds est de 200 cm

GENERAL INFO

CASALA GUARANTY

Casala guarantees that delivered products retain their functional properties for a period of 5 years. The warranty period commences on the date of delivery and is not interrupted, impeded or renewed when a warranty service has been provided. We can handle complaints quickly when you send a clear description together with photos, the model number, the order number and the date of manufacture to Casala. You can find this information on the production sticker under the chair or table.

CASALA CERTIFICATION

Casala continually strives to reduce the environmental impact in the development of our products. During development, care is taken to make responsible use of raw materials and production techniques. For many years Casala has been working with dedicated suppliers and producers conformed to the ISO14001 standard. This standard is used worldwide to start and assess environmental management systems. In order to ensure wood and paper products originate from responsibly managed forests, Casala encourages the use of international certifications PEFC™ and FSC®.

Casala embraces PEFC™ and FSC® as certification institutes. By integrating these standards, we are able to extract our current timber from the forests without harming the needs of future users.

Thanks to the established quality requirements and control of production processes, Casala's project furniture guarantees excellent quality, long life and durability.

CASALA FSC® CERTIFICATION: CU-COC-858146

CASALA PEFC™ CERTIFICATION: CU-PEFC-858146

CASALA CIRCULAR ECONOMY

Casala realises it is responsible for the environment and the economic and social well-being of our world and considers it important to make a structural contribution. Our objective with regard to Circular Economy is simple: successful corporate social responsibility with focus on a sustainable world. During the design phase we determine the products and materials and examine their impact and behaviour in the product chain. These choices are the basis of adequate management of products and materials. For many years Casala has been working with raw materials that mainly originated in Western Europe. The required transport kilometers are thus kept to a minimum. This contributes to the lowest possible CO-2 emissions.

Chairs are frequently discarded after use and seen as waste. This is unnecessary, as the parts are often not at the end of their life cycle. Therefore Casala chooses to refurbish various items from our product range and offers CE guarantee on multiple programs.

When purchasing new furniture, you decide in consultation with Casala whether you want to make use of the CE guarantee. Casala CE comes with an official certificate. The moment you want to replace the furniture, you can return this CE certificate. Every CE-certified product will receive a cash refund, a nice start for the purchase of new furniture. This contributes to a more sustainable world, the foundation of Circular Economy. Result: a chair with the same quality and warranty conditions as a new chair.
